MESSAGE FORECAST.

What President Cleveland Will Say to Congress.

HIS FAREWELL PUBLIC DOCUMENT.

Foreign Affairs Will Claim Considerable Attention—Nothing Radical on the Cuban Situation Is Looked For—Retirement of Greenbacks and Sherman Notes Will Be Recommended.

NEW YORK, Nov. 28.—A special to The Herald from Washington says: "President Cleveland has been devoting a great deal of time to his annual message during the last week, and now has it well in hand, so that it can be finished in a couple of days.

"This message is expected to be one of the ablest public documents Mr. Cleveland has written during his two terms. It will be, in a sense, his farewell to the American people as their chief executive, and there is little doubt that he will embrace the opportunity to mark out the course he believes ought to be followed by the national government for the maintenance and advancement of the honor and prosperity of the country.

"Foreign affairs will naturally claim considerable attention and the president will have an opportunity to congratulate congress and the country upon the solution of the Venezuelan boundary controversy in a manner honorable and satisfactory alike to the United States and to Great Britain and Venezuela. The condition of affairs in Turkey will be discussed in detail, and the president will be able to show that the ordinary diplomatic agencies have sufficed for the protection of American life and property in the Turkish empire.

"The last paragraphs of the message to be written will be those dealing with the situation in Cuba. He will avail himself of the latest possible information as to the military situation on the island, and the prospects for the early success or failure of the insurgents may have much to do with shaping his policy. Present indications are that he will make no radical recommendations on the subject. Other foreign questions in which the United States are interested will be touched upon briefly.

"Secretary Carlisle is preparing data looking to a recommendation for increasing the revenue of the government by imposing revenue duties on tea and coffee, and by increasing the internal revenue tax on beer. The president will doubtless express his approval of these recommendations.

"The financial reform recommendations of the message will be along the line of Mr. Cleveland's former recommendations and will have as their basis the advocacy of the single gold standard as the foundation of the monetary system of the country. The retirement of the greenbacks and the Sherman notes will be recommended, so as to take the government entirely out of the business of issuing promissory notes. Banking reform will be recommended at the same time, to enable the banks of the country to issue circulating notes which will be safe and which can be expanded or contracted in volume to meet the needs of the business of the country.

"Mr. Cleveland is alive to the necessity of continuing the expansion of the navy and of constructing coast defenses to put the country in a condition to resist foreign aggression, and the recommendations on these lines made by Secretaries Lamont and Herbert in their annual reports will be seconded in the message."

WEYLER AGAIN TAKES THE FIELD.

His Objective Point Not Stated by the Censorship Dispatches.

HAVANA, Nov. 28.—Captain General Weyler left Havana at 12:30 o'clock yesterday morning for Mariel on board the transport Legazpi. He was accompanied by his chief of staff and adjutant. The other members of the general's staff left Havana by train in the forenoon for Artemisa.

At Mariel the captain general was received by the authorities and large crowds of people. He immediately started for Artemisa, and on arriving there visited the hospitals, found them in an improved sanitary state and the health of the troops generally better. From Artemisa the captain general went on to Vuelta Abajo by train, leaving the cavalry and the brigadier general, Calisto Ruiz, to join him later.

General Echague is recovering from his wound in the thigh. It has been determined upon medical consultation not to extract the ball. General Weyler is accompanied by his chief of staff, General Escribano and his aide-de-camps.

C. B. Pendleton, a correspondent of a New York paper, was arrested here while upon the point of embarking for Key West on the steamer Aransas. It is believed that his detention is due to the fact that there was something wrong with his passport or other papers.

Seventy-four Nanigos and 80 cattle thieves and several political offenders will be dispatched to the African prisons tomorrow.

Excited Over Pendleton's Arrest.

JACKSONVILLE, Fla., Nov. 28.—A special to The Citizen from Key West says the Cubans of that place are greatly stirred over the arrest in Havana of C. E. Pendleton. It is claimed that any harm done him in Havana will be reciprocated by an attack on the Spanish consulate at Key West. Pendleton sent word by the steamer Aransas that he would telegraph yesterday concerning

certain matters, but nothing has been heard from him. The people will wait the arrival of the Olivette before any action is taken.

Havana Menaced.

JACKSONVILLE, Fla., Nov. 28.—News came from Havana last night that orders had been issued doubling the guards at the fortifications around the city, and that news has reached the captain general of the presence of large guerilla forces near the city.

The trocha was forced twice this week, each time large bodies of Cubans crossing with slight loss.

Weyler Wants Moore Troops.

MADRID, Nov. 28.—General Weyler has made an urgent request for a regiment of cavalry, and these troops will sail for Cuba Dec. 2.

A HOLDUP FIASCO.

The Ringleader of the Gang Was Taken and Put in Jail.

KANSAS CITY, Nov. 28.—At midnight four men, led by Oscar Bridges, said to be a bridge and parachute jumper of more or less notoriety, made an unsuccessful attempt to hold up and rob a street car filled with passengers, bound for Independence.

The coolness and courage of Motorman A. T. Rollins and Conductor Lloyd Jackson doubtless saved the passengers from being robbed. Motorman Rollins said that he thought at first that Bridges was joking, but when he saw the polished barrel of a 45-caliber revolver pashed against his breast and heard the order to "hold up your hand" repeated, his hands went up.

At this moment the robber glanced back into the car, evidently to see whether his confederates were doing their part. For a second his eyes were off the motorman. Quicker than a flash the hands came down and Rollins swung his left fist around and landed a blow under the left eye of his captor, knocking him headlong against the controller. The motorman grabbed the revolver as Bridges fell. The quick move saved the motorman's life, for Bridges pulled the trigger as he went down and Rollins caught the index finger of his left hand between the hammer and the cartridge. Rollins caught the robber by the throat and choked him until he released his hold on the revolver and finally gave up the struggle.

After reaching Independence, Bridges was placed under arrest, and brought here. After spending two or three hours in the "sweatbox," he gave his identity and that of his pals. Four months ago Bridges gained considerable notoriety by leaping from the top girder of the Hannibal bridge here into the Missouri river and swimming out safely. At the time he displayed accounts of his high jumps in other cities and also a number of letters from a firm of aeronauts and parachute jumpers of Cincinnati.

His pals were Eugene Ridgeway, Ernest Ridgeway and James Repine, all under 22 years of age. The Ridgeways live at Sheffield, a suburb near the scene of the hold-up. Eugene is a barber and Ernest is a professional high diver, who has filled engagements at the local parks. Both have hard names. Repine, who is 21 years old, comes of respectable parents, who live at Centropolis, near Kansas City.

The gang, which made its headquarters at Centropolis, are believed by the police to have been in the hold-up of the Chicago and Alton train at the Glendale cut, near here, about a month ago, and are wanted for other depredations. It is known they planned to rob the last car on the electric line a few weeks ago at exactly the spot where they stopped the car. A man who was in the confidence of the gang told County Marshall J. B. Keshler of it and he and a force of deputies watched for the bandits till after midnight.

The same gang made preparations to hold up the Denver night train on the Missouri Pacific at Leeds Cut last Thursday night and again the marshal and a force of railway police waited and watched, but the bandits learned of the trap and postponed the robbery.

Two Others Arrested.

LEAVENWORTH, Kan., Nov. 28.—Alex Repine and Ernest Ridgeway, wanted in Kansas City for holding up an Independence electric car and who were in the recent Alton hold-up, were arrested here and were rushed off to Kansas City at once.

FRANK JAMES' AMBITION.

He Is Willing to Be a St. Louis Police Commissioner.

ST. LOUIS, Nov. 28.—Frank James, brother of Jesse James, the notorious train robber and ex-member of the James gang of outlaws, is an aspirant for the honors of a St. Louis police commissioner and Chief Harrigan will be his friend in the race. The ex-outlaw declares himself a candidate.

"I'm not after office," he said, "but I'd take the place if it were offered to me. And if it were given to me I would do my duty without fear or favor."

"What kind of a police commissioner do you think Frank James would make?" was asked of Chief of Police Harrigan.

"First rate," answered the chief. "He would make a good officer."

Under Arrest For Murder.

NASHVILLE, Ind., Nov. 28.—Daniel Hawkins and James Pruitt, accused of the murder of Aaron David, have been placed under bonds, pending grand jury investigation. There was a feud between the men, and on the 31st of October it is alleged that the defendants found David in a saloon and assaulted him so severely that he died two weeks later. The deceased was a brother of Samson David, ex-sheriff.

EPWORTH LEAGUERS.

General Conference Being Held in Columbus.

A THOUSAND DELEGATES PRESENT

A State League Likely to Be Formed Which Will Change the District Organization—Brutal Acts of a Murderer. Heavy Suit For Damages—Other Ohio State News Dispatches.

COLUMBUS, O., Nov. 28.—The fifth general conference of the Epworth league of Ohio and Kentucky is in session in this city. There are about 1,000 delegates in attendance. Rev. Heber D. Ketcham of Hillsboro is the president, William E. Brooks of Cincinnati secretary, and C. E. Cornell of Cleveland treasurer.

A matter of considerable importance to be presented to the league will be the forming of an Ohio league. A committee has been considering the matter for some time and as a result a report has been prepared to be presented to the convention. Kentucky recently formed a state league and should Ohio do likewise some change in the district organization as it now exists is likely.

Tortured Before Murdered.

ST. CLAIRSVILLE, O., Nov. 28.—Washington Rinker was tortured horribly before he was murdered by James Wilson near here Tuesday, the coroner's inquest discloses. Williams, a powerful man, much larger than his victim, tried to drown him in the rain barrel, and then pursued him to a smokehouse, the interior of which is bespattered with blood. Williams finally followed Rinker into the public road, where he beat him to death with a poker. It is said that Williams tortured his victim for two hours.

Rate on Iron, Steel and Coal Reduced.

CLEVELAND, Nov. 28.—Railroads connecting Lake Erie with iron, steel and coal producing districts will be required to reduce the carrying charges of these commodities. Andrew Carnegie has asserted over his signature that the railroad from Conneaut to Pittsburg, in which he is interested, expects to make the investment pay on a basis of three mills per ton a mile, which means that he believes iron ore can be transported to the furnaces for about 45 cents per ton. The present charge is \$1.05.

Heavy Suit For Damages.

CHILLICOTHE, O., Nov. 28.—A damage suit for \$50,000 has been filed against the Baltimore and Ohio Southwestern Railroad company by Mr. John Murphy. Murphy was in the terrible wreck at Schooley's the first of this year and was rendered a cripple for life by injuries to his spine. The accident, he claims, was caused by the neglect of the company to have the switch lamp lighted, which would have prevented the accident.

Shot by a Constable.

BELLAIRE, O., Nov. 28.—At Bealls-ville, O., a small town on the Bellaire, Zanesville and Cincinnati railroad, Ross Miller, constable, shot and dangerously wounded Charles Johnson. Miller was hauling corn fodder along the road when he met Johnson. After talking a few minutes a fight ensued. Johnson started to get on Miller's wagon, when Miller shot Johnson, the ball entering the mouth and coming out under the left ear.

Baptist Missionary Fraud.

ATHENS, O., Nov. 28.—Recently a stranger, giving the name of Phillips, made his appearance at Albany and represented himself as a Baptist missionary. He obtained considerable money from Baptists. A few days ago he left the city. Two West Virginia officers have put in an appearance with warrants for Phillips' arrest on charges of forgery and robbery. He escaped from the jail at Morgantown, W. Va.

Albert Frantz's Trial Set.

DAYTON, O., Nov. 28.—The defense of Albert Frantz, the accused murderer of Bessie Little, is about ready to present its case, and Judge Kreitzer of Kreitzer & Kreitzer will, if the state is ready, begin the trial on Dec. 7. The trial will certainly be the occasion of great excitement and interest.

Believed to Be Crazy.

GREENVILLE, O., Nov. 28.—A man believed to be a minister is held in jail here for identification. He is apparently insane. At Yorkville he insisted on giving his lectures on the public road. His distorted face and frenzied manner frightened people there.

Miners Quit Work.

MALVERN, O., Nov. 28.—At Sherodsville, this county, the coal mines have been closed. The miners to the number of 350 refused to accept the 45-cent rate. They have up to the present been receiving 61 cents.

Another Hunter Killed.

CORNING, O., Nov. 28.—Lewis Wishman of this place went hunting and was accidentally shot. He was taken to Columbus on a special train, but after he reached the hospital there he died.

LAPORTE, Ind., Nov. 28.—A dispatch from Union Mills says that Kidder Miller, 15 years old, was shot and probably fatally wounded by Rubie Hensel, a boy several years his junior. The shooting was accidental, and was due to the belief of Hensel that the weapon was not loaded.

DUN'S REVIEW OF TRADE.

Business Revival Being Kept Up in All Parts of the Country.

NEW YORK, Nov. 28.—R. G. Dun & Company's weekly review of trade says: When the rash of orders after the election slackened many began to think business dwindling. Subsidence of deferred orders is not decrease of business. Broadly speaking, the gain has been greater than anybody expected, and it is not surprising if a small part of it is in excess of the present consuming demand.

Reports from all parts of the country show clearly the enlargement of trade, not at all points in the same branches, but everywhere helped by a more confident feeling. Extremes of weather have made the week not altogether good for retail trade, but in that line also there is improvement on the whole.

Wheat has risen over 6 cents for the week, without material change in foreign advices, which have been on the whole less stimulating. Western receipts are falling behind last year's, and for four weeks past have been only 19,012,584 bushels, against 27,902,027 last year, while the exports, flour included, have been 6,270,981 bushels in the same week, against 6,265,018 last year, and are not large enough to create excitement. But 13 cargoes have left Tacoma in November and 30 have left San Francisco, with 12 more loading and 40 engaged. The milling demand in the Atlantic states is also large, and at four western cities the output of flour in five weeks have been 2,655,415 barrels, against 2,613,300 in the same weeks last year. Corn has sympathized with wheat only a little and is coming forward freely. The most important factor in the wheat market is that the visible supplies do not gain as much as has been expected.

Cotton has gained only a sixteenth, after its considerable decline, and the tolerable heavy movement puts the speculators for an advance in constant difficulties, and yet there is all the time to be remembered the fact that the crop was nearly one month earlier than usual, and the present excess over last year's movement may be materially reduced hereafter. Nevertheless the fact appears that the northern mills are taking much less cotton than in previous years, and the demand for goods is evidently disappointing.

Wool was and is still bought largely for speculation and earlier purchasers are unloading on the latter, but the mills are not yet doing much more than in October. A few more have been started, but there is scarcely more demand apparent for staple goods. Including speculative operations the sales of wool have been for four weeks 37,814,100 pounds, of which 23,212,000 were domestic, against 24,296,050 last year, of which 13,381,750 were domestic, and 24,371,821 in 1893, of which 21,639,696 were domestic. But the producing capacity in operation does not seem to be half the capacity of the works, and the stoppage of several large carpet mills within the last 10 days is of importance.

The collapse of the nail combination and probably of the beam combination, and considerable reduction in quotations for nails and beams, give reason to look for a larger demand for products of iron and steel, but at present the sales against speculative purchases made some time ago are depressing prices and Bessemer pig has sold at \$12.25, and according to some reports a little lower at Pittsburg. The demand for such products as are not controlled by the combinations is somewhat increasing, but by no means as rapidly as expected.

In minor metals tin is scarcely as strong as it was a week ago, but copper and lead are stronger.

Failures for the week have been 300 in the United States, against 279 last year, and 38 in Canada, against 47 last year.

Elevator Destroyed by Fire.

ST. PAUL, Nov. 28.—Fire yesterday evening completely destroyed the large elevator of the St. Paul Warehouse and Elevator company, situated on Third street. The blaze started shortly after 6 o'clock and the firemen had a hard fight for nearly three hours, the extremely cold weather and high wind greatly hampering their efforts to subdue the flames. The elevator contained 100,000 bushels of oats, all of which were destroyed. The loss will be fully \$50,000, partly covered by insurance.

A Tennessee Execution.

NASHVILLE, Nov. 28.—Frank Johnson, colored, was hanged at Columbia yesterday for the murder of Austin Rye, whom he killed on Aug. 1 last and afterward robbed of \$5. Johnson confessed his guilt and expressed sorrow for the deed. The hanging was private, being witnessed only by the jail officials, physicians and representatives of the press.

Cleveland's Future Home.

PRINCETON, N. J., Nov. 28.—President Cleveland has purchased the former residence of Mrs. Slidell on Bayard avenue, this town, and after the expiration of his term of office he will make Princeton his permanent home. The purchase price is said to be between \$30,000 and \$40,000.

Featherweight Fight.

NEW YORK, Nov. 28.—Frank Erne of Buffalo last night won the title of featherweight champion of the world by being awarded the decision in a 20-round contest with George Dixon, the clever colored boy, who has for so long held undisputed claim to that pugilistic honor.

MANITOBA BLIZZARD

Entire Northwest Now Being Swept by One.

THE WORST KNOWN FOR YEARS.

Snowdrifts Twenty Feet High and the Temperature Over Forty Degrees Below Zero and Falling—Wind Blowing at the Rate of Fifty Miles an Hour—Probably Loss of Life.

ST. PAUL, Nov. 28.—The wires continue to bring reports of the great blizzard, which has been raging in the Dakotas and northwestern Minnesota for the past three days. The storm is the worst known for many years. The following specials give some ideas of its extent:

Huron, S. D.—The worst blizzard experienced in this section since the great storm of Jan. 12, 1888, has prevailed since midnight Wednesday. The storm came from the north, the snow being driven in blinding clouds by a 50-mile gale. Scores of telegraph poles were broken down and wires prostrated in every direction. No trains have been running, but efforts have been made to clear the tracks with snow plows and gangs of shovelers and trains have been started east and south. Fears are entertained of suffering among settlers in remote districts where fuel is scarce. Stock losses on the ranges will be very heavy.

Watertown, S. D.—It is still snowing here and the drifts are eight feet high.

Red Lake Falls, Minn.—Worst blizzard this section ever saw. The snow which has fallen at intervals for several weeks has been piled into huge drifts by a high wind and all traffic is suspended.

Fergus Falls, Minn.—Heavy storm still raging. Mercury at zero. Business suspended.

Moorehead, Minn.—Raging blizzard since Thursday morning. Streets are blocked. No trains and business at a standstill.

Fargo, N. D.—Storm still continues with even greater intensity. All wires west and north down. Northern Pacific train due here Thursday morning still stuck at Jamestown and a train is stuck in adrift four miles east of Valley City. The coast train arrived from St. Paul yesterday but could not be sent west. All Great Northern trains are abandoned. The snowdrifts in the streets here are 10 feet high. The worst storm for years.

Langdon, N. D.—The worst blizzard ever known in this country has raged here for three days. The snow is piled in drifts as high as the houses. All trains and traffic of every description is abandoned. There are rumors of loss of life, but nothing definite is yet known.

Williston, N. D.—It has snowed incessantly since Tuesday evening. The wind is blowing at 40 miles an hour and the temperature is at zero and falling. All trains are tied up.

Stephen, Minn.—The worst storm ever seen here has been raging since Thursday. About two feet of snow has fallen this season and the storm has drifted snow banks in some places 10 feet high. The traveling and business of all kinds is at a standstill. Thursday's southbound train is stuck here in the snowdrifts.

Kulm, N. D.—It has snowed here almost continuously since Oct. 31.

Cold Day in Denver.

DENVER, Nov. 28.—With the exception of 1877, 1880 and 1887 yesterday was the coldest day ever known in Denver since 1871, prior to which year there is now official record. The weather bureau thermometer registered 9.2 below zero at 6 a. m. Passengers on the incoming trains tell of a severe blizzard in eastern Colorado, and the neighboring state of Nebraska. The snow has fallen steadily for two days and the wind has piled drifts as high as 10 to 20 feet.

Prevailing in Kansas.

KANSAS CITY, Nov. 28.—The first heavy storm of the season prevailed in Kansas yesterday and last night. Reports from Larned and Junction City in the center of the state report sleet and snow driven by a wind that developed many of the characteristics of a western blizzard. The ground is frozen and fear is expressed that stock will suffer. Wheat all over central Kansas was never finer at this season.

Nebraska Visited.

OMAHA, Nov. 28.—Telegraph advices from many points in Nebraska and South Dakota report a heavy snow and sleet storm, accompanied by a high wind. In some places the loss of livestock will be heavy. The temperature here has fallen 40 degrees in about 24 hours and it is still growing colder. Wires are down all over Nebraska and trains are running without the telegraph.

Coldest Weather Ever Known.

HELENA, MONT., Nov. 28.—Last night was the coldest night throughout the state that has ever been known in the recollection of the oldest pioneer. The mercury registered 35 degrees below zero in various parts of the city. The weather bureau here reports the temperature in the northern part of the state to be from 10 to 20 degrees colder than it is in Helena.

Rapid Fall of Temperature.

DUBUQUE, Ia., Nov. 28.—In the last 24 hours the temperature has fallen 47 degrees, the thermometers registering 8 above zero.

INDICATIONS.—Clearing and generally fair weather; decidedly colder with a cold wave; brisk to high north winds.

It is to be hoped Captain J. E. Bryant, of Ashland, will soon receive some office at the hands of the Republicans. Since he was turned down by the Democrats and left the party, he has been continually trying to work the g. o. p. for some nice fat position.

The Covington Commonwealth very truthfully remarks that "when Republicans in Boston are cheering Cleveland and the Democrats of New York are celebrating by banqueting and speech-making the election of McKinley it is hard for an old time, dyed-in-the-wool Democrat to tell where he is at." Is the millennium coming?

Ever since the election, the gold Democrats and their organs have been advocating keeping up the fight and maintaining their organization. Now they raise a howl because the Democratic State Committee has resolved that the bolters shall not be permitted to take part in coming primaries and conventions. What are they kicking about?

Tom Forman, of Mason county, entered the race yesterday. He was Captain of the Second Kentucky cavalry during the war. The captain has many warm friends throughout the State who wish him success. He was an applicant for Marshal during the Harrison administration."

THE BIBLE SOCIETY.

Annual Meeting of the Maysville and Mason County Auxiliary Sunday Night, December 6th—The Late Jas. Barbour.

The annual meeting of the Maysville and Mason County Auxiliary of the American Bible Society will be held Sunday night, December 6th.

At the meeting of the Executive Committee Friday afternoon arrangements were made to hold the meeting at the Christian Church, and, by invitation of the committee, Rev. S. D. Dutcher will deliver the address.

All the churches in this city and county that are members of the auxiliary are urged to take a collection for the Bible cause at the morning service on December 6th, or some time previous to that date, and report either to Mr. John C. Pecor, Treasurer and Depositary, or at the annual meeting of the society, as above.

The following memorial was unanimously adopted by the Executive Committee:

We are called on to record the death since our last annual meeting of Mr. James Barbour, who had been prominently identified with this society from the date of its reorganization in 1852 up to the date of his death—a period of forty-four years. It is not invidious to say that no member of the society in all those years, by private contribution and personal work, rendered more efficient service to the society, as an examination of the minutes will show. For a great many years he was the Secretary of the society and afterwards for many years the President. As a recognition of his services, Dr. Geo. S. Savage, the venerable agent of the parent society who knew of his active interest in the work, recommended his election as a life member of the American Bible Society which was done in 1893. Let our records perpetuate his memory.

The interior of the opera house is receiving an overhauling.

ONE of the public gas lamps near the L. and N. "round house" was demolished by the wind Thursday night. It was thought by many who saw it yesterday that it was the work of some rowdies, but a gentleman happened to be passing Thursday night when it was torn from its fastenings by the wind.

Gloom

Of ill health, despondency and despair, gives way to the sunshine of hope, happiness and health, upon taking Hood's Sarsaparilla, because it gives renewed life and vitality to the blood, and through that imparts strength, vigor and energy to the whole body. Read this letter: "Hood's Sarsaparilla helped me. I changed sickness to health, gloom to sunshine. No pen can describe what I suffered. I was deathly sick, had sick headaches every few days and those terrible troubles so that I could not go up and

down stairs without clasping my hand over my heart and resting. In fact, it would almost take my breath away. I suffered so I did not care to live, yet I had much to live for. There is no pleasure in life if deprived of health, for life becomes a burden. Hood's Sarsaparilla does far more than advertised. After taking one bottle, it is sufficient to recommend itself." SPEAK IN PRAISE,

Do These Officials Documents of Postmaster Chenoweth, His Assistants and the Carriers.

The following official communications received by Postmaster Chenoweth speak for themselves:

TREASURY DEPARTMENT,
 OFFICE OF THE AUDITOR FOR THE POSTOFFICE DEPARTMENT,
 COLLECTING DIVISION,
 WASHINGTON, D. C., Nov. 24, 1896.
 Sir: I am pleased to advise you that your postal account for the quarter ended September 30, 1896, has this day been audited and found correct as rendered, no balance being due thereon, either to or from the United States. Respectfully yours,
 GEO. A. HOWARD, Auditor.

WASHINGTON, D. C., Nov. 24, 1896.
 Postmaster, Maysville, Ky.—Sir: The returns of ordinary unclaimed domestic letters from your office to the Dead Letter Office for the year ended June 30, 1896, show a decrease of 75 over the preceding year, while the amount of mail handled by your carriers was much larger than that of last year.

This is very gratifying to the department, as it indicates great care in the delivery of mail matter at your office.

You will please continue to give this matter your special consideration and endeavor to have this decrease duplicated, or exceeded, if possible, during the ensuing year. Respectfully,
 F. H. JONES,
 First Assistant Postmaster-General.

How many young men and young women are cut off just as the future seems brightest and fullest of promise! They are taken away by the disease which causes over one-sixth of all the deaths in the world—the disease which doctors call consumption. There is absolutely no reason in the world why consumption should be fatal—why it should be even serious. It is a disease of the blood, and is cured absolutely and always by purifying and enriching the blood. The only exception to this is the case where the disease has been neglected and improperly treated until it is stronger than the body—until the body has become so weak as to have lost the ability to recuperate. Dr. Pierce's Golden Medical Discovery will cure 98 per cent. of all cases of consumption if used according to directions. It also cures all lingering coughs, bronchial and throat affections. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page Common Sense Medical Adviser, illustrated.

SPECIAL inducement to early buyers of Christmas goods. Select your X-mas presents now, and have a choice of selection to early buyers. We are offering special inducements. P. J. Murphy the jeweler's stock was never as large.

SERVICES in the First Presbyterian Church to-morrow morning and evening at the usual hours. Mission Sabbath school in the German Church at 2:30 o'clock. Westminster Society of Christian Endeavor at 6:15 o'clock.

The diamond stud stolen from Mr. Thomas Guilfoyle one night this week has not been recovered yet. The BULLETIN was misinformed when it stated that the stolen cash box was found by Policeman Davis and Mr. Guilfoyle. Mr. John B. Shaw, the gentlemanly baggage-master on the C. and O.'s Maysville accommodation, found the box on the railroad track in front of the coal elevators and left it at the St. Charles Hotel, where it was turned over to Mr. Guilfoyle and Mr. Davis.

Sure to Win.

The people recognize and appreciate real merit. That is why Hood's Sarsaparilla has the largest sales in the world. Merit in medicine means the power to cure. Hood's Sarsaparilla cures—absolutely, permanently cures. It is the one true blood purifier. Its superior merit is an established fact, and merit wins.

Hood's Pills are easy to take, easy to operate. Cure indigestion, headache.

LOVING TRIBUTES,

Paid by the People of Allegheny
to the Late Rev. C. S.
Lucas.

Demonstrations of Affection For a Dead
Pastor Such as Are Rarely Wit-
nessed.

[Pittsburg Commercial Gazette November 23rd.]

There was a great demonstration of af-
fection for a beloved dead man at a fu-
neral in Allegheny yesterday. Women
fainted and some violent exhibitions of
grief were witnessed.

Nearly 5,000 people filed by the coffin
in which the remains of the late Rev.
Chapman S. Lucas lay in state in the
First Christian Church yesterday after-
noon and looked for the last time upon
the face of him who had been a pastor or
friend. Such a tribute to the worth of a
minister of the Gospel had never before
been seen in that city. At 3 p. m. the
body of the late pastor was borne by the
official members of the congregation into
the church where he had twice preached
on the preceding Lord's day and placed
in the aisle before the pulpit platform.

At the conclusion of the funeral ser-
vices the friends of the deceased were af-
forded an opportunity to view the re-
mains. The immense audience present
headed a procession which continued to
pass by the open coffin almost without
interruption until the remains were re-
moved from the church at 8 p. m., and
transferred to the limited train of the
Baltimore and Ohio R. R. to be trans-
ported to Maybrook, Va., for interment.
A pall of sorrow hung over the crowds
which thronged the church, and indeed
over the city where the deceased pastor
had lived and labored.

Three o'clock was the hour fixed for
the funeral services, and long before that
hour 1,500 people had taken possession of
the spacious church at Montgomery ave-
nue and Arch street. Still they came
from all quarters of the city. They pack-
ed the aisles of the auditorium, gathered
in the vestibule and the line of anxious
people seeking admittance soon extended
down the stairways and out into the
street. After the service had been com-
menced hundreds stood in the street
waiting for the conclusion that they
might see the face of the deceased once
more.

A committee of ministers left the plat-
form, and going to the front of the build-
ing assured the crowd that entrance to
the church was impossible, but that it
would be kept open until 8 p. m., and all
would be admitted before the removal of
the remains. This had the effect desired
and thousands went away to return later.

Within the building the scene was
unique. The auditorium was literally
packed with humanity. Many were over-
come by the stifling atmosphere and one
after another was removed from the
building unconscious. One lady was car-
ried over the platform and down the nar-
row steps leading from the lower story, it
having been found impossible to remove
her in any other way. The church had
been crowded many a time by audiences
gathered to hear the eloquent words of
Mr. Lucas, but no such crowd was ever
within its walls as forced its way in yes-
terday.

The auditorium of the church was ap-
propriately draped and magnificent floral
decorations testified the esteem in which
the deceased minister had been held.
Prominently displayed on the pulpit plat-
form was a "vacant chair," artistically
formed of the choicest flowers and on the
opposite side of the desk stood a larger
floral representation of "Heaven's gate."
This was suggested by the fact that Mr.
Lucas had partially prepared for delivery
last night a sermon of which "Heaven's
Gate" was the theme. The coffin in which
lay the remains of the deceased was cov-
ered with flowers.

On the platform were many ministers
of the Christian Church and other eccle-
siastical bodies. The services were in
charge of Rev. A. B. Abbott, of Balti-
more, a brother-in-law of the deceased.
"Gathering Homeward From Every
Land" was sung by the choir at the
opening of the services and was followed
by the reading of Scripture selections by
Rev. Mr. Abbott, beginning with Psalm
xc. Rev. T. E. Cramblett, of the East
End Christian Church, offered a touching
prayer and Prof. Filmore followed with
a solo, "One Sweetly Solemn Thought."

Rev. J. H. Craig, of the Shady avenue
Church, Allegheny, made the first ad-
dress, taking as his theme "The Rela-
tionship of the Deceased to His Brother
Ministers." He spoke of him as consid-
erate, kind and gentle; a man who al-
ways considered the surroundings of a
fellow minister and was slow to condemn
him. He said that to all ministers he
was a friend, brother, father, teacher.
He had been well equipped for the work
of the ministry and had always been

ready to give a reason for the faith within
him.

Rev. O. H. Phillips, of the Braddock
Church, spoke of the deceased "as a citi-
zen." He said he never posed as a "re-
former," in the common conception of
that term. He had preached vigorously
against personal and national sins, but
never advocated coercion as a remedy for
these evils. He had believed tremen-
dously in the power of the Gospel among
the men to make a clean order of citi-
zenship, and that when it should come to
exert its proper power over men it would
be found to be the great purifier. This
was the secret of his life as a citizen.

Rev. F. F. Bullard, of Greensburg,
spoke of Mr. Lucas "as an evangelist,"
and told of his successes in that line
during the thirty-three years of his active
ministry. He had organized many con-
gregations and he numbered his converts
by thousands. In a style peculiar to
himself he had preached the Gospel with
wonderful effect.

The choir sang "Jesus My All," which
had been a favorite hymn of the deceased,
and Rev. Mr. Abbott delivered the prin-
cipal address of the occasion. He spoke
of the intellectual greatness, moral
grandeur and Christ-like spirit of the de-
ceased. His life, he said, should be
measured not by years, but by his deeds.
He spoke at length of the Mr. Lucas as a
model minister, pastor and man. He
had a passion for preaching, he said, and
at last was a martyr to it and literally
laid down his life for his brethren. In-
tellectually he was great, and should be
classed as a broad preacher. As a pastor
his motto had been "Work on earth and
rest in heaven." He visited the homes
of his people and knew their wants. He
was intensely sympathetic and absolutely
impartial. As a man he had been fear-
less, but humble. He had been on his
knees before God all his life. Unselfish-
ness was a striking characteristic of the
man.

Following this address the congregation
sang "Nearer My God to Thee," and the
members of the church and friends took
leave of their late pastor and friend.
There were many touching demon-
strations of affection and some violent de-
monstrations of grief. The service lasted
over two hours and will long be remem-
bered as the most memorable occasion of
the kind in the history of the city.

FOR CONTEMPT.

Judge Barr Gets After a Prominent Mt. Oli-
vet Lawyer—The Buricke
Estate.

[Courier Journal, November 25th.]

Judge Barr issued a rule for contempt
in the United States Circuit Court yes-
terday morning against O. S. Deming, of
Mt. Olivet, Ky., for the reason that the
defendant failed to turn over the money
due the heirs of an estate of which he is
the administrator. The rule was at once
served, Judge Deming being in court.
He immediately filed a response, in
which he sets forth the reasons for not
paying the money.

The amount involved is \$8,000. Judge
Deming in the response says he was un-
able to sell a certain piece of property,
with the proceeds of which he was ex-
pecting to pay off all the claims of the
heirs. On his motion the rule was res-
pited until December 12, at which time
it will be disposed of.

The rule grew out of one of the most
famous cases ever brought before the
United States Courts in this State. The
litigation started over the death of a
German, who lived in Robertson County
and who was commonly known as
"Dutch Henry," but who was ordinarily
known as Henry Buricke. He was killed
in a difficulty at a tollgate July 15, 1886.
He was supposed to have a large es-
tate. He had no heirs in this country,
and his only sister, who was in an alms-
house in Germany, employed W. A.
Sudduth to bring the suit to recover the
estate for her. There were nine claim-
ants to the estate, and after a long litiga-
tion a decree was rendered in the United
States Court in favor of Anna Maria Wen-
ningman, who was the only sister of the
deceased. Since that time there has
been an effort to settle with the adminis-
trators and get all of the personal prop-
erty. The total value of the estate was
over \$30,000, but the balance in the
hands of O. S. Deming, who was yester-
day ruled by Judge Barr, was over \$8,000.

Judge Barr admonished Deming that
if the money was not forthcoming on
the day appointed he would use the ex-
traordinary processes of the court to
compel its payment, which means that
he would imprison him until the money
was paid. This is a very unusual pro-
ceeding, but one that is perfectly au-
thorized by the chancery practice, which
governs the United States Court. The
case has been pending in the courts for
more than ten years, because of the dif-
ficulty of getting the settlement with the
administrators.

The Men's Rally Sunday Afternoon—Ad-
dress by Presiding Elder G. R.
Frenger, of the M. E. Church.

The chances are most favorable for a
typical November Sunday, one of those
dreary, sombre days best calculated to
give all the blues. Now in planning how
you will spend the day just stick a pin in
this proposal and we guarantee you will
not be in that despondent class,—ill-
natured, morose and disagreeable. You
want a cheery, warm place in which to
sit while you engage in reading some
choice article which shall serve you in
two ways, make you better and brighten
your mind. You need companionship of
a nature which quickens your hearts to
warm impulses, stirs up your soul to
nobler deeds. You most of all want en-
joyment and recreation, that spice and
energy which rouses every attribute in a
man and causes him to live a life worthy
his pattern and Maker. Now such sur-
roundings can be found in the Y. M. C.
A. quarters and the hour for such a feast
to be spread is from 3 to 4 o'clock Sunday
afternoon. Come to the men's rally; try
it once and be convinced. J. B. Orr will
conduct the services, while an address
will be given by Presiding Elder Frenger.
Remember the blues.

Marvelous Results.

From a letter written by Rev. J. Gun-
derman, of Dimondale, Mich., we are
permitted to make this extract: "I have
no hesitation in recommending Dr.
King's New Discovery, as the results were
almost marvelous in the case of my wife.
While I was pastor of the Baptist Church
at Rives Junction she was brought down
with Pneumonia succeeding La Grippe.
Terrible paroxysms of coughing would
last hours with little interruption and it
seemed as if she could not survive them.
A friend recommended Dr. King's New
Discovery; it was quick in its work and
highly satisfactory in results." Trial
bottles free at J. James Wood's drug
store. Regular size 50c and \$1.

DRUNKEN RIOT.

Three Men Fatally Shot and Several Others Seriously Wounded.

PITTSBURG, Pa., Nov. 28.—Three men were fatally shot and several others more or less seriously wounded in a drunken riot at Duryea, early yesterday morning.

The dead are:
James Mottli, shot in the abdomen; died almost instantly.

Frank Lambert, shot in the breast three times; died a few hours afterward.

John Betts, was shot in the leg and can not recover.

The injured are:
John Toy, shot in the thigh.
William Mockens, shot in the side.
Two Poles, names unknown, wounds slight.

Duryea is a small mining village three miles north of Pittston, and there is a large colony of foreigners there who work in the mines. They celebrated Thanksgiving day principally by drinking, and the tavern of Anthony Palley was their headquarters. As the day grew older and the miners grew drunker trouble began to brew, but nothing serious occurred until late at night. Respectable residents of the town declare that the night was a veritable reign of terror in which it was unsafe to be at large, and the assertion is made that fully a score of men were held up and robbed at pistol points in various sections of the place.

The shooting occurred about 3 o'clock yesterday morning and the story of its origin told by Palley, the tavernkeeper, is the only one yet heard. He says that a number of Poles were drinking in his place when a party of young Americans entered. After much drinking they began to taunt the foreigners. This led to a quarrel, in which the Americans assumed the aggressive, and set upon the Poles with canes. The first blow, which had no sooner been struck, than the foreigners drew their guns and bullets began to fly. The Americans replied. The shooting was so general and promiscuous that it is impossible to tell who fired the fatal shot.

Lambert was carried away by his friends and Mottli and Betts were found on the floor when the fusillade was over. The two wounded Poles were taken to their homes where their wounds were dressed.

The police started an investigation and have arrested Palley, the saloonkeeper; his bartender, William Cosgrove; James Ryan, James Brady, J. Clark, Samuel Barclay, J. Flood and Alexander Wilby. They are charged with being the ringleaders in the riot.

While they were being taken to Pittston, Barclay and Flood escaped from the constable and fled to the mountains.

Window Glass Plant Starts Up Paying the Old Wages.

GAS CITY, Ind., Nov. 28.—The American window glass plant began operations yesterday, and while there is a feeling of disappointment among the glass blowers that an increase of the wage schedule was not brought about, there is much satisfaction over a renewal of work.

It is said that President Burns is much disappointed over the action of the wage committee, as he is confident that if the glass workers had stood out until Dec. 14, the time agreed upon for a general resumption of manufacturing, the manufacturers would have been forced to grant the advance demanded.

LOWELL, Mass., Nov. 28.—There was a riot in this city yesterday between Armenians and Greeks on one side and French Canadians on the other, as a result of which one Greek had his head badly cut with a brick. Nine arrests were made by the police.

The trouble was the outgrowth of the displacement of French Canadian operatives in the Tremont and Suffolk cotton mills by Greeks and Armenians, who were hired at lower rates of pay than the others had been receiving. The injured Greek was carried away by his comrades before his name could be learned.

Miss Bertha Craig, Messrs. George Bandle, Ira Craig and John Pollitt spent Thanksgiving with their many friends in Maysville. They returned on the 6 o'clock train Thursday night.

Quite a sad accident happened here Thursday to a colored boy who was hunting with Mr. Jos. Witmeyer. They were attempting to cross a very deep hollow when Mr. Witmeyer slipped and fell, discharging the gun. The shot took effect in the hand of the negro boy, entering the back and passing out the palm. The boy was brought to town and Drs. Bradford and Mann were summoned to dress the hand. They found that several bones were broken.

GOOD NEWS FOR MINERS.

Those in the Pittsburg and Ohio Districts Will Get an Advance.

The advance in this district will carry with it a similar increase in the Ohio region. It is believed the New York and Cleveland Gas Coal company will maintain the same rate that they have been paying since the latter part of last January.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
